

# FabLittleBag™ dispenser

## Hygienic transfer of sanitary waste

Seal away tampons and pads with plant-based sanitary disposal bags, FabLittleBag™. FabLittleBags allow individuals to hygienically transfer soiled feminine hygiene products to a **phs** sanitary disposal unit.

### Key features :

- Dispenses a single bag each time to help transfer waste hygienically in to the bin
- Takes 40 plant-based bags

### Installation

Adhesive backing for simple installation to avoid any damage to the walls or can be screwed on to the wall if needed.

### Fully compliant

**phs** are fully licensed and compliant with all waste management regulations, providing clients with a full auditable waste trail as standard.

### Environmentally conscious

Waste collected by **phs** will be disposed of through our innovative **LifeCycle Strategy**, diverting landfill, creating energy from it instead.

### Service

Serviced monthly or aligned to sanitary bin servicing. Installed as part of the **phs** service.

### Product specification

Bag dimensions	150mm (high) x 80mm (wide)
Weight	230g
Construction	Made from ABS plastic making it tough and scratch resistant
Dispenser dimensions	130mm (wide) x 220mm (high)

### LifeCycle Strategy

To help the environment, FabLittleBag™ and other sanitary waste collected by **phs** Group is diverted away from landfill to be transformed into sustainable energy. Through our **LifeCycle Strategy**, we partner with Energy from Waste plants across the UK, who transform your waste into sustainable energy and hot water for homes, schools, factories and hospitals.
