

Limescale Remover

This lime scale remover is suitable for use on tiles, showers, taps and kettles to remove limescale and other deposits. It does not effect chrome, glaze or grout and has a non tint formula.

Best practices

We don't like harming people or the environment so our products are not hazardous when they are diluted. The powder in the sachet is hazardous however we have wrapped it up safely in water soluble film so you don't come into contact with it.

Please make sure you:

Store the sachets in a dry area and keep them inside the packet until you need them.

Only handle the sachets with dry hands. If any sachets are damaged please do not handle them without wearing PPE and always avoid the powder making contact with your eyes or skin.

Read and follow the safety data sheet provided.

Always follow the colour coding.

Once diluted the solution is not classified as with any hazard.

Classification

Powder only

Once diluted
